

## Characteristics

**IP20****12V****RoHS****SMD  
3535****CE**

- **Most Preferred Best Seller LED Strip (CE, UL, RoHS Certified)**
- DC12V High luminous flux SMD3535
- High brightness 22-24lm/LED
- Double layer copper FPC (Flexible Printed Circuit)
- 3-LED per cutting section
- Cutting Section: 1.5 Inches

## Physical

## Technical Details

|                   |                                               |
|-------------------|-----------------------------------------------|
| Input Voltage     | <b>12VDC</b>                                  |
| LED Chip          | SMD 3535                                      |
| Power Consumption | 12W/m ~ 3.65W/ft                              |
| Length            | 5m/roll ~ 16.4ft/roll                         |
| Cutting Section   | 1.5 Inches                                    |
| Available in      | RGB IC (Integrated Circuit)                   |
| PCB Width         | 6mm                                           |
| CRI               | $\geq 80$ / $\geq 90$ (Color Rendering Index) |
| Protection Rating | IP20                                          |
| Beam Angle        | 120° degree                                   |
